PORTRAIT PARTIES

A portrait party is an event held in your home or other place as arranged. Specifically for groups of people who want to capture their party on digital file with the option of purchasing prints after the party. Themes for Portrait Parties are only limited by your imagination, here are some ideas:

- Family gathering • Hen Party • Quiz Night
- Fancy Dress • Prom • Ann Summers Party
- Baby Shower • Newborn • Teen • Playgroup
- Football • Dress up • Christmas
- Super heroes • Halloween.

It does not even have to be a party, maybe the girls are coming around for a bottle of wine and a giggle and you fancy doing something a bit different.

BURLESQUE / BOUDOIR

- Do you want to treat yourself to something a little different ?
- Fancy giving your partner a surprise they will love forever? •

If the answer is yes to either of these questions maybe a boudoir shoot is for you!

We can create a set of sensual images for ladies of all ages, shapes, and sizes in the "boudoir style". Its sensual photography with a lot of tease and emphasis on your sexuality. The beauty of this type of shoot is it can even be done in your own home. Create a beautiful album of images for yourself or as a special gift for your partner, or maybe consider a wedding style boudoir shoot as a personal wedding gift for him on your wedding night.....

WEDDINGS

My approach to wedding photography moves away from the traditional and leads the Client to a style that is very much in touch with today's trends. I document what I see, working unobtrusively letting the day unfold, capturing the magic of their day as it happens.

TRASH THE DRESS

Known under many names "Trash the Dress", is fashion style photo shoots increasing in popularity. Its not about destroying "The Dress", its about having some fun and getting some Wedding Photographs in different or unusual locations that you wouldn't get to go to on your wedding day. Maybe there is a particular special place you met, or kissed for the first time you'd like pictures taken at.
